SPONSORSHIP OPPORTUNITIES

Changing the Cycle of Period Poverty across the United States

Dignity Grows is the national nonprofit leader in the fight against Period Poverty, a debilitating, often overlooked form of health inequity. Dignity Grows supports over 50,000 women and girls each year with free menstrual and comprehensive hygiene supplies.

The “Hope in a Backpack” initiative offers a bold solution to end Period Poverty through regional partnerships. “Hope in a Backpack” focuses on critical year-round hygiene support for whole communities in an effort to minimize school absenteeism, bolster employment success, and provide medical and mental health preventative care.
